

Warranty Options

Standard Warranty

With the purchase of every Kustom Signals product, you receive our Technical Support Services, Factory Services and Customer Support at no additional cost. During the Standard Warranty term, we cover all parts and labor. All Standard Warranty repairs are performed at our Chanute, Kansas facility. Extended Warranties and On-Site Services are available.

- Video Products - 13 month Standard Warranty
- Radar Products - 2 year Standard Warranty
- Pro-Lite+ and ProLaser®III - 2 year Standard Warranty
- LaserCam®II and LASERwitness™ - 1 year Standard Warranty
- SMART® Model I, II, VMS and VMS HT - 2 year Warranty on Display, Electronics and Radar
- SMART 200-850+ - 2 year Warranty on Display, Electronics and Radar

Extended Warranty

Continue the security of warranty coverage long after the initial standard warranty expires. You won't need to worry about costs for parts and labor when you select our Extended Warranty. Our skilled technicians will quickly repair the unit to original specifications or replace it.

When you purchase any Digital Video Product, you can upgrade your standard one year warranty to cover as many as five years. If you already own a Kustom Signals Video Product, you can extend your existing warranty as long as you are within warranty coverage.

If you own Kustom Signals Video Products that are not currently covered under warranty and would like to purchase a warranty, please call to inquire on pricing.
