

ARGUS DATA VAULT: SENTINEL RELEASE

Practical. Provable. Protected.

Smarter evidence review. Simplified redaction.
Streamlined case management.

BUILT FOR THE DEMANDS OF DIGITAL EVIDENCE

Enhancements that help agencies work through evidence faster while retaining control.

01

VOICE-TO-TEXT TRANSCRIPTION

Review synchronized transcripts, search keywords and navigate to moments in video.

02

AI-ASSISTED MOSAIC REDACTION

Track selected people or objects through footage with reviewer oversight.

03

STREAMLINED CASE EXPORTS

Batch export case evidence and download multiple files for case preparation.

04

ENHANCED ADMINISTRATION

Gain more control over access, storage monitoring and equipment reporting.

MORE CONTROL. LESS REPETITIVE WORK.

Refined playback, bookmarks, timelines, redaction controls and evidence workflows.
