Eyewitness HD Installation Guide

Your EyeHD system has been packed with care and an attention to detail. This box includes three layers of components: The top layer includes all the cables. The second layer includes the components that typically mount in the passenger compartment. And the final layer includes the components that typically mount in the trunk or the back of the vehicle. Please also note that the specific mounting hardware for each component has been placed with that component in its designated compartment in the package – everything is packed as a set to streamline the installation process.

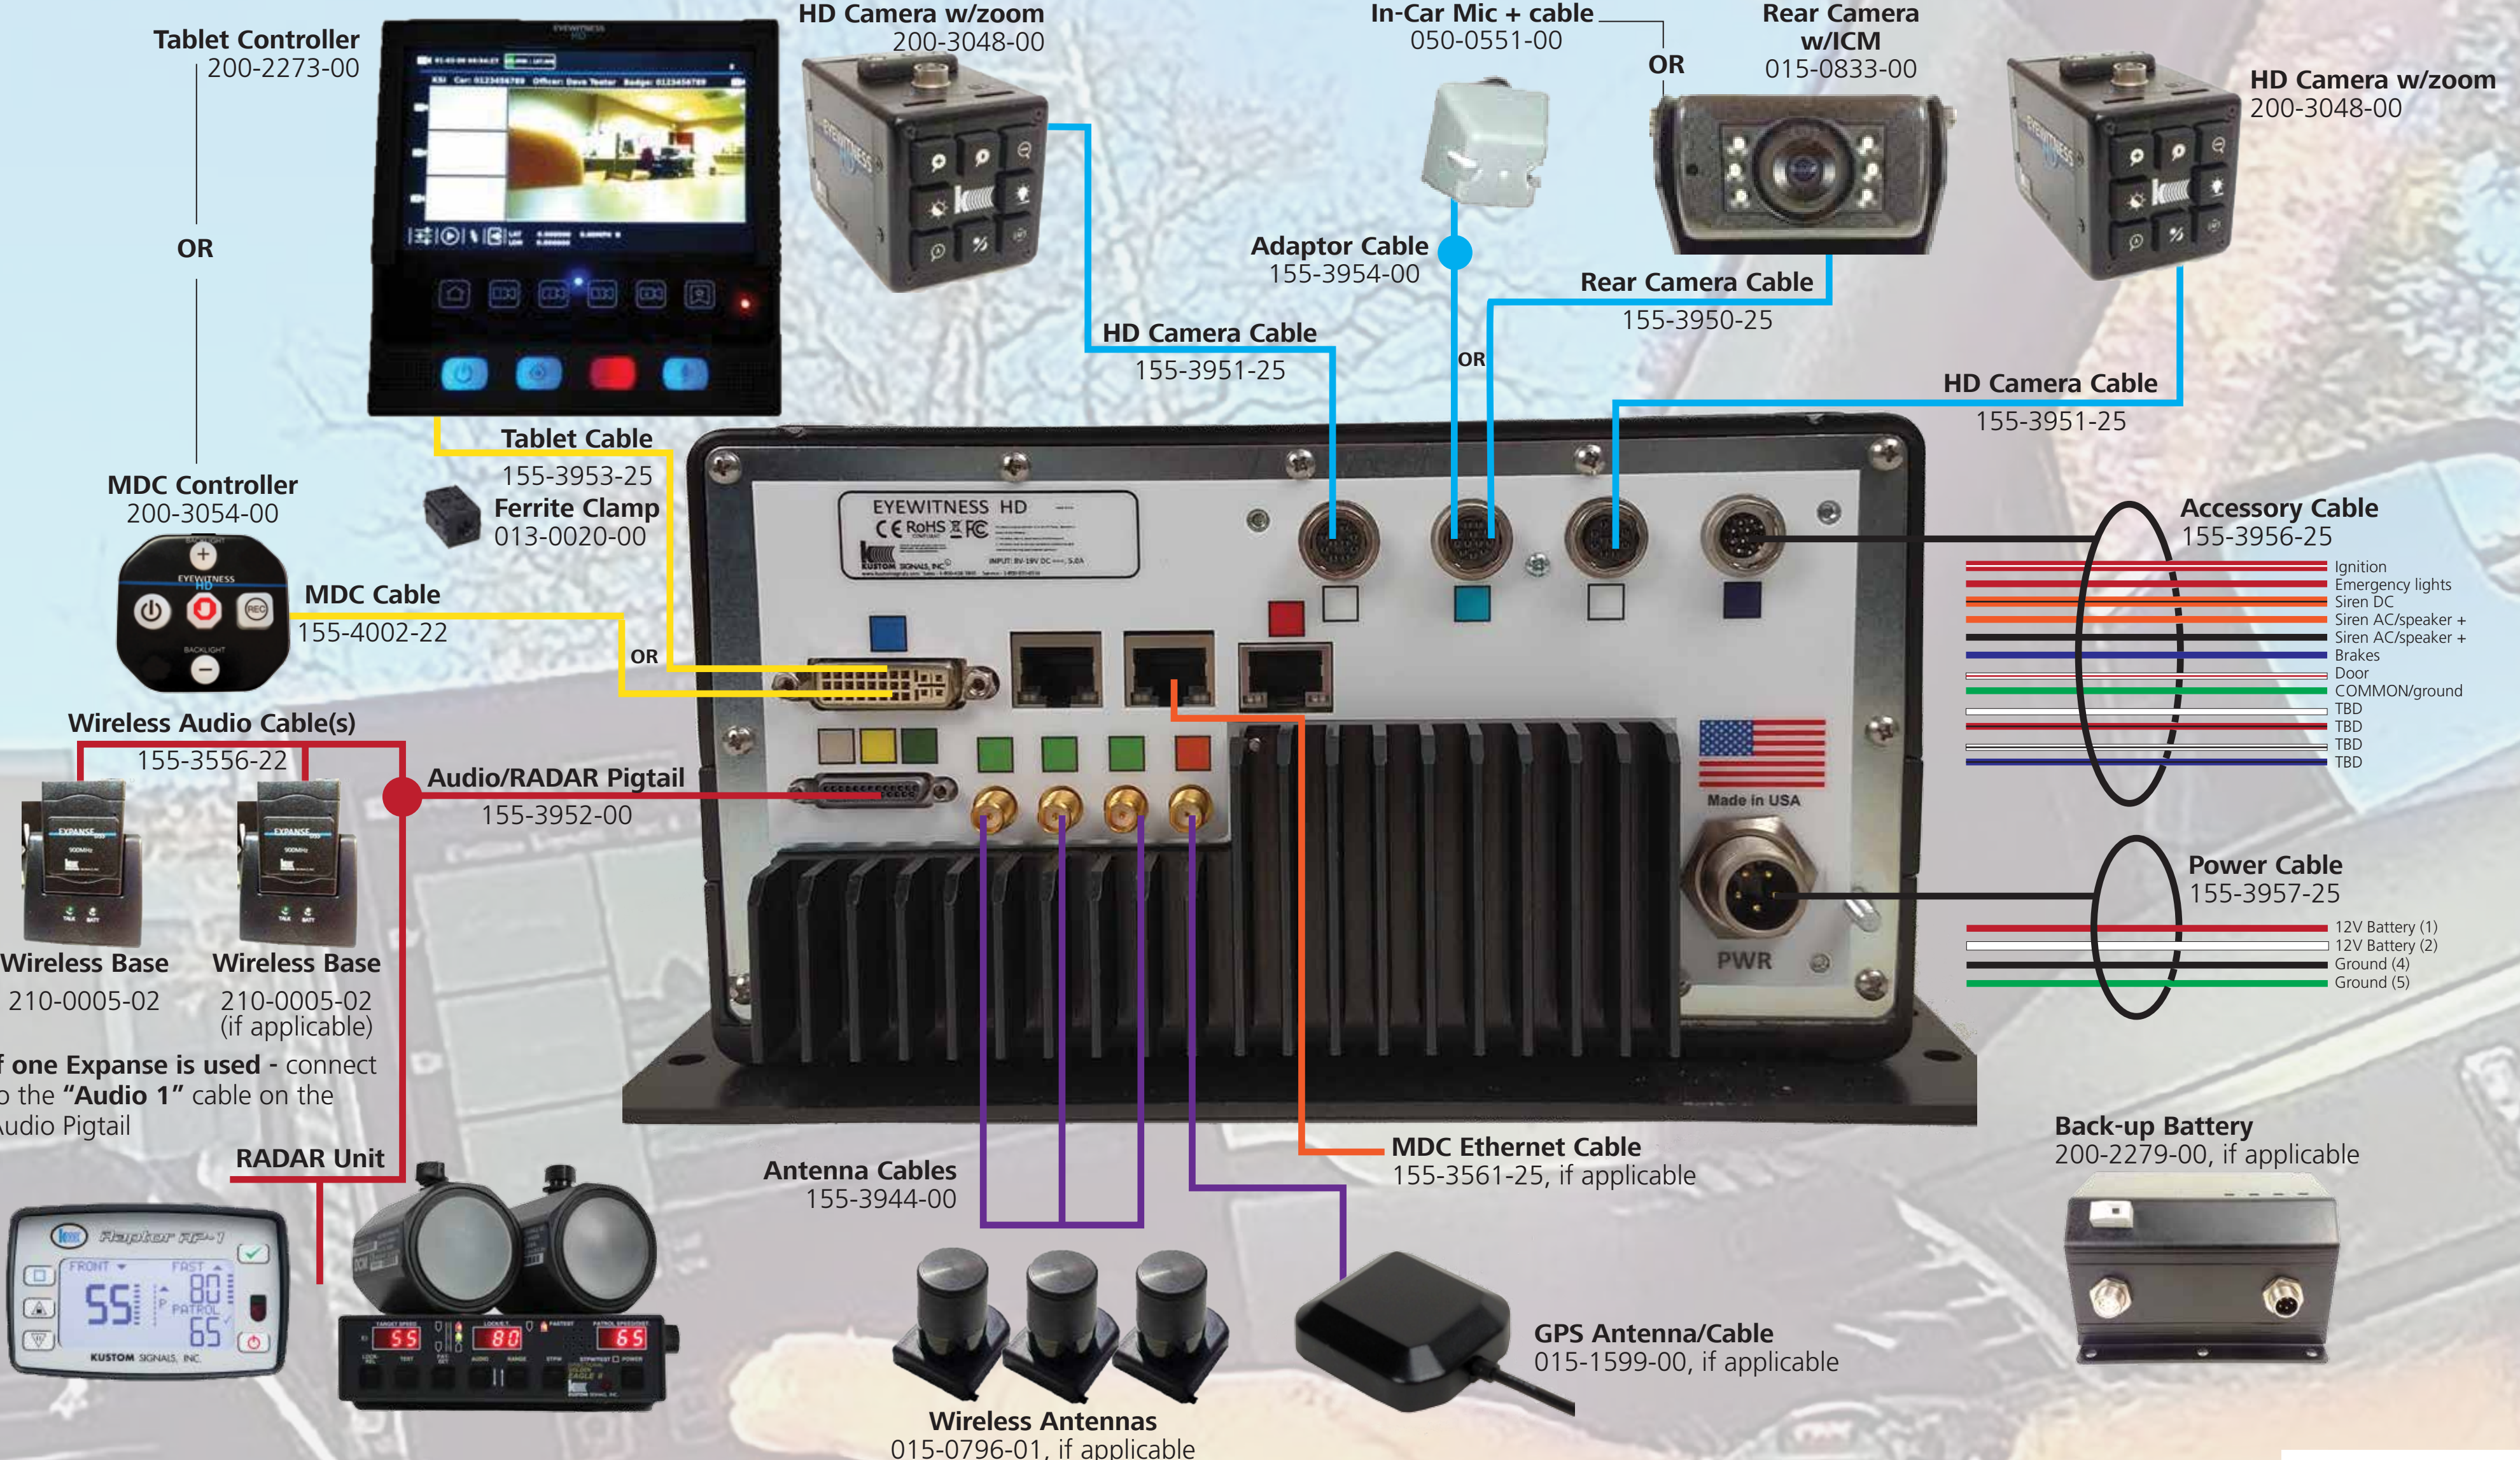

Layer 1 - Cables

Layer 2 - Controller/Cameras

Layer 3 - DVR/Antennas

For Technical Support: 800.835.0156 or 620.431.2700; Option 1; Option 4; Option 1 or email videotss@KustomSignals.com
